AJINKYA RAHANE

“ Ajinkya Rahane may be one of the top test batsman in the world today, but it was not so easy for Ajinkya to achieve this success. Today Ajinkya has everything but there was a time when Ajinkya had to walk six kilometres for practice with his mother because his family did not have the money to afford rickshaw even in a week. Despite of all difficulties, Ajinkya Rahane was determined to be a successful batsman. The Mumbai star debuted for India in 2011 during the tour of England and has not looked back since then. Rahane has scored Test centuries in New Zealand, England and **Australia** and he is known to bat in every difficult situation. He started his international career as a white-ball specialist before breaking into the Test side and is now **vice-captain of Indian team** in test format. ”
